Mission Statement:

To provide excellence in support services to Activity Professionals through education, advocacy, technical assistance, promotion of standards, and peer and industry relations.

Values:

The National Association of Activity Professionals recognizes the following values:

- The quality of the client/resident/participant/patient served is the primary reason for our services.
- The strength of NAAP lies in the diversity of its members. NAAP recognizes the rich cultural and educational backgrounds of its members and values the variety of resources represented.
- The strength of NAAP also lies in the support of research, which will further define and support the Activity Profession.
- NAAP values the development and maintenance of coalitions with organizations whose mission is similar to that of NAAP's for the purpose of advocacy, research, education, and promotion of activity services and Activity Professionals.
- NAAP values members who become involved at the state and national/international level to promote professional standards as well as encourage others to recognize them as professionals.

Vision Statement:

The National Association of Activity Professionals shall be the premier membership organization of choice for persons who provide activity services as defined by NAAP.
